THE NEW ENGLAND COLLEGE OF OPTOMETRY

Class of 2012

To the Class of 2012

Congratulations Doctors!

You are the most skilled and knowledgeable graduates to have ever entered the profession of Optometry. The depth and breadth of your education, annealed through immersion in a robust program of patient care, has prepared you to confront the challenges of our changing health care environment.

In your enthusiasm to create impact in your community, do not lose sight of the ideals that motivated you throughout your NECO years. Patients expect their doctors to be proficient; however, maintaining respect and courtesy for your patients will not only make you a great doctor but also endear you to them and their families.

Today, you are taking the first steps in replacing my generation of optometrists. Health care and the practice of optometry will become very different than the environment of your training. Be assured that you are prepared not just to navigate the system, but to actually help shape the field of eye care in the future.

You have my best wishes for a lifetime of personal and professional success.

Sincerely,

Clifford Scott
President, New England College of Optometry

May 20, 2012

Eyeballas,

As I write this final letter to you, I truly can't help but feel tremendous amounts of emotion. These inevitable feelings span four years of your friendship, hard work, fun and monumental accomplishments. My heart beats with immense pride when reflecting on this NECO Class of 2012, transforming a genuine smile upon my face as I congratulate you on a job well done.

It seems it was just yesterday, September 2008, we all crammed into LH3, embarking together on a brand new adventure. We traveled great distances and overcame challenging obstacles to reach our personal dream of what optometry school at the New England College of Optometry would be like. Initially, we sat down together with great vulnerability, knowing very little about one another. We introduced ourselves, began sharing stories and it didn't take long before we locked hands, looked each other in the eye, and committed ourselves to four years of hard work, dedication, and loyalty to our studies and one another. We united around a class theme, a motivating thought, a couple of words that gave us the extra strength to deal with the unfamiliar and unprecedented challenges we were about to face in our academic careers. It was a "finish strong" mentality we agreed to bring to these last four years, and that is exactly what we accomplished. We survived countless midterm and final exams, practiced hours on end in pre-clinic to pass proficiencies, won three straight years of NECO Olympics and celebrated harder than any other class Crossroads had ever seen.

Now, as our time at the beautiful 424 Beacon Street building comes to an end, we can finally conclude our life chapter as students and begin a new exciting chapter as Doctors. I hope that the title that now comes before your name serves as a continuous reminder of your hard work, dedication, and future potential in optometry. Although we may no longer live together or go to class together, we will still always be connected through the experiences we shared over these last four years while at the New England College of Optometry. I hope that each and every one of you knows how incredible you are, and I wish you all the best of luck as optometrists.

Finish Strong,

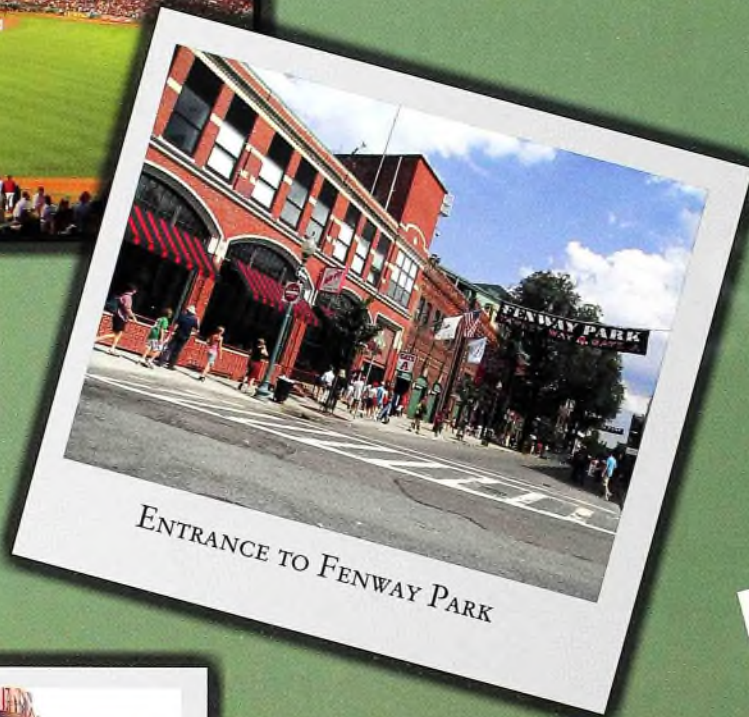

Daniel A. Bastian

American Academy of Optometry (AAO)

Mission Statement: The major goal of the American Academy of Optometry is to maintain and enhance excellence in standards of optometric practice. It does this by fostering research and the dissemination of knowledge in both basic and applied vision science.

American Optometric Student Association (AOSA)

The AOSA represents student interests to a variety of organizations including the National Board of Examiners in Optometry, International Association of the Board, Association of Schools and Colleges of Optometry and various sections of the American Optometric Association.

Beta Sigma Kappa (BSK)

Mission Statement: To stimulate scientific attainment, academic excellence and the ethical practice of optometry; and to promote and provide financial support for worthy research projects relating to vision care and the eyes.

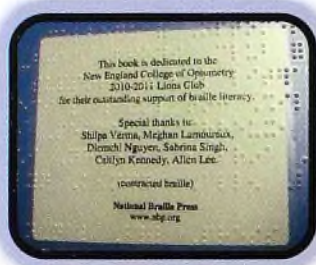

College of Optometrists in Vision Development (COVD)

Mission Statement: Improving lives by advancing excellence in optometric vision therapy through education and board certification. Our goal is to facilitate ongoing development in the areas of behavioral and developmental vision care, advocate for wider adoption of vision therapy protocols, and increase recognition of their integral role in enhancing learning, productivity and overall quality of life.

Lion's Club International

"We serve."
It's something that unites Lions around the world. Lions aren't limited by continents or restricted to certain causes. We help wherever, whenever and however we can.

Massachusetts Society of Optometrists (MSO)

The Massachusetts Society of Optometrists is dedicated to the fulfillment of quality vision and eye care needs of all the public. To achieve this goal, the MSO seeks to unite all Massachusetts optometrists in their effort to practice the highest standard of care through support of continuing education and research.

National Optometric Student Association (NOSA)

The National Optometric Student Association (NOSA) promotes the delivery of vision care to minority communities through consumer education, legislative advocacy and minority recruitment and retention activities. The Association informs minority community members about vision protection, and works to raise legislators' awareness of minority consumers' visual needs.

Performance Vision Club (PVC)

Objectives of the Performance Vision Club (PVC) are to serve all patients in the community to improve their visual performance; to inform the public of preventative measures to ensure proper eye safety and to reduce the risk of eye injury; to promote professional standards of behavior and mutual respect among members, and to promote professional standards of behavior among members of the student organization and the general public.

NECO Student Council

The Student Council governs the internal affairs of the student body. The Council consists of twenty-three voting members and is made up of the Executive Board; representatives from OD I, OD II, OD III classes; the Accelerated OD and Advanced Standing International Programs;

The Council also meets periodically with school administrators to help set policy concerning student interests, and oversees the election of student representatives to administrative committees such as Curriculum, Student Affairs and Financial Aid. The president of the Student Council is a voting member of the Board of Trustees.

Volunteer Optometric Services to Humanity (VOSH)

Mission Statement: The primary mission of VOSH International is to facilitate the provision and sustainability of vision care worldwide.

THE OPTOMETRIC OATH

With full deliberation I freely and solemnly pledge that: I will practice the art and science of optometry faithfully and conscientiously, and to the fullest scope of my competence. I will uphold and honorably promote by example and action the highest standards, ethics and ideals of my chosen profession and the honor of the degree, Doctor of Optometry, which has been granted me.

I will provide professional care for those who seek my services, with concern, with compassion and with due regard for their human rights and dignity.

I will place the treatment of those who seek my care above personal gain and strive to see that none shall lack for proper care.

I will hold as privileged and inviolable all information entrusted to me in confidence by my patients.

I will advise my patients fully and honestly of all which may serve to restore, maintain or enhance their vision and general health.

I will strive continuously to broaden my knowledge and skills so that my patients may benefit from all new and efficacious means to enhance the care of human vision.

I will share information cordially and unselfishly with my fellow optometrists and other professionals for the benefit of patients and the advancement of human knowledge and welfare. I will do my utmost to serve my community, my country and humankind as a citizen as well as an optometrist.

I hereby commit myself to be steadfast in the performance of this my solemn oath and obligation.

Congratulations Miranda Ho

Congratulation for achieving another major milestone in your life. All that hard work, determination and personal sacrifice has paid off.

As your parents, we are very proud of you. Your friends and family are sharing this wonderful day with you. We wish you continued success in your career.

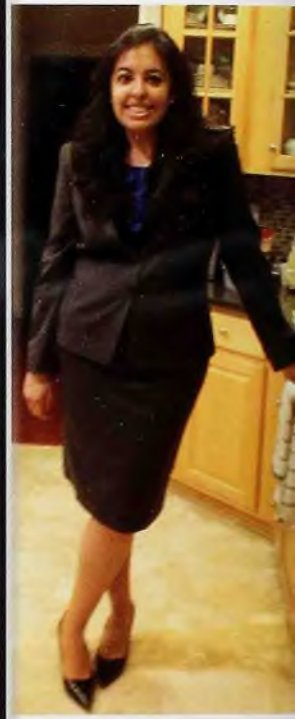

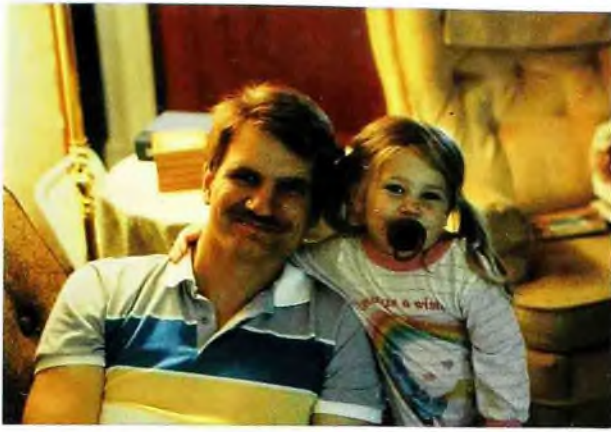

Shilpa,

Our heartiest congratulations on another awesome achievement. We are extremely proud that our daughter (and sister) has developed into such a fine young woman with so many goals achieved and dreams fulfilled. Your enthusiasm and passion has always been an inspiration and a guiding light. Our blessings and best wishes will always be there for your continued success in any challenge or endeavor that you accept in life.

With lots of love.

Pops, Mom, Nimisha and Ankit

Tami,

We are so proud of you. It has been a long four years but look what you have accomplished. Not only are we proud of you, but also Dad is looking down from Heaven and is amazed at what you have accomplished. It will be hard to leave good friends, and the exciting City of Boston behind, but we are excited to have you come back home to Minnesota.

Dan,

We couldn't be more proud of you than we all are. You have set your dreams in motion and as Mavis would say "You kept your Eye on the prize". Through hard work and dedication, you made that dream come true.

Dr. Dan, Mr. President, The "Eye Baller", our Son and Brother of Laura and Julie.

Congratulations!!!

**We Love you. Mom and Dad,
Julie, Tyler, Laura, Raelyn**

Andrea

Even before you were born, you were loved. Gently stroked and whispered to in the womb, a birth awaited, and arms ready to caress you. Your first day off to school, pig tails and a big smile, eagerly hopping on the school bus with your twin brother on a long journey into the unknown. We laughed, we smiled and we cried through the years. Who knew that one day you would stand before us - a Doctor, ready to serve and touch people's lives? You have had courage to follow your heart. Nothing can diminish the joy we hold in our hearts.

Our prayer for you is that in every hour of joy and pain, you continue to remember his declaration..... *"For I know the plans I have for you, plans to prosper you and not to harm you, plans to give you hope and a future."* - Jeremiah 29:11. We look forward with great expectation to what His plans are for your future and the next chapters of your life.

Go out into the world today and love the people you meet. Let your presence light new light in the hearts of people. You carry the power within you and the gifts God so graciously gave you - your voice, your beauty, your smile, your talents and your serving heart. Be the living expression of God's kindness. We are so proud of you.

With all our love. Maman and Papa

Dana,
In what seems like the blink of an eye,
your hard work has allowed you to grow into a
confident and compassionate young woman.

Your vision of becoming an optometrist has
been realized and we are so very proud of
you.
As you enter the next phase of life's journey,
we wish you success, happiness and love.
Congratulation Dr. Dana!

With much love,

To our dearest Hardeep,

CONGRATULATIONS on your excellence and success! We are all extremely proud of you. We know that this has been the hardest and longest journey you will ever have to take. Throughout this journey you have had to make difficult decisions, sacrificing valuable time with family and friends and spending endless hours trying to meet your goals, and for that, we would like to commend you. We also know that this is a result of your integrity, dedication, total commitment, but most of all, your confidence and attitude (confitude) that has helped you reach your destination.

We know that you will continue to climb to your potential, fulfill your dreams and shoot for the moon and stars and forever shine. May your success be your journey through your life and not your destination.

We wish you all the best in your new career and may god bless you with an abundance of success, health, wealth and happiness in your life.

CONGRATULATIONS! Dr. Hardeep Kataria O.D,

Lots of love, hugs and kisses from Mom, Dad, Amrita, Jasmeet, Aman, Casper and Benni

Congratulations Dr. Brittany,

You have worked very hard. We know this has been a long journey- although now a new journey begins. We have always been so proud of you and you too should be proud of all you have accomplished.

We love you and are very proud of you. We wish you much success as you start your new career.

Love,
