

NEW ENGLAND
COLLEGE OF
OPTOMETRY

CLASS OF 2014

New England College of Optometry

Class of 2014

To the Class of 2014

“With great power comes great responsibility.” Ben Parker’s immortal last words to his nephew, Peter (actually, Voltaire said it first – but that’s splitting spider hairs), apply equally as well to your class as you enter the professional world. Your NECO diploma certifies to the world that you are qualified to provide primary eye care to the citizenry of your community. You have my sincere congratulations on earning that well-deserved recognition.

Although you can rightfully boast of being at the forefront of optometric care in 2014, you need an unwavering commitment to updating your knowledge and skills as the health care world evolves at a breakneck pace. Those of you who are entering into residencies will have the advantage of a structured program to maintain cutting-edge competencies for the next year. But realistically, continuous learning must become part of your quotidian activity for the rest of your life.

It can be seductive to rely on innovative technologies, integrated communication networks, and instantaneous access to information as the basis of your services. However, in both your academic and clinical experiences at NECO, we have stressed the importance of compassion and attention to your patients as individuals. Respect and courtesy are the hallmark of a responsible doctor.

You have my best wishes for a lifetime of personal and professional success.

Sincerely,

Clifford Scott

President, New England College of Optometry

The Optometric Oath

With full deliberation I freely and solemnly pledge that: I will practice the art and science of optometry faithfully and conscientiously, and to the fullest scope of my competence. I will uphold and honorably promote by example and action the highest standards, ethics and ideals of my chosen profession and the honor of the degree, Doctor of Optometry, which has been granted me.

I will provide professional care for those who seek my services, with concern, with compassion and with the due regard for their human rights and dignity.

I will place the treatment of those who seek my care above personal gain and strive to see that none shall lack for proper care.

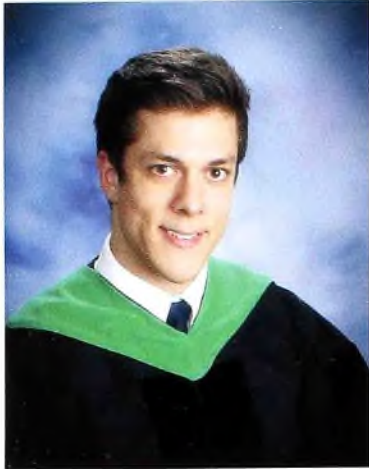

I will hold as privileged and inviolable all information entrusted to me in confidence by my patients.

I will advise my patients fully and honestly of all which may serve to restore, maintain or enhance their vision and general health.

I will strive continuously to broaden my knowledge and skills so that my patients may benefit from all new and efficacious means to enhance the care of human vision.

I will share information cordially and unselfishly with my fellow optometrists and other professionals for the benefit of patients and the advancement of human knowledge and welfare. I will do my utmost to serve my community, my country and humankind as a citizen as well as an optometrist.

I hereby commit myself to be steadfast in performance of this my solemn oath and obligation.

Celebrating Student Achievement Outside of the Books!

Student Clubs

American Academy of Optometry

Mission Statement: The major goal of the American Academy of Optometry is to maintain and enhance excellence in standards of optometric practice. It does this by fostering research and the dissemination of knowledge in both basic and applied vision science.

American Optometric Student Association

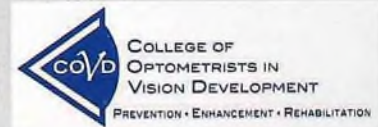

The AOSA represents student interest to a variety of organizations including the National Board of Examiners in Optometry, International Association of the Board, Association of Schools and Colleges of Optometry and various sections of the American Optometric Association.

Beta Sigma Kappa

Mission Statement: To stimulate scientific attainment, academic excellence and ethical practice of optometry; and to promote and provide financial support for worthy research projects relating to vision care and the eyes.

College of Optometrists in Vision Development

Mission Statement: Improving lives by advancing excellence in optometric vision therapy through education and board certification. Our goal is to facilitate ongoing development in the areas of behavioural and developmental vision care, advocate for wider adoption of vision therapy protocols, and increase recognition of their integral role in enhancing learning, productivity and overall quality of life.

Lion's Club International

Mission Statement: To empower volunteers to serve their communities, meet humanitarian needs, encourage peace and promote international understanding through Lions clubs.

Massachusetts Society of Optometrists

The MSO is dedicated to the fulfillment of quality vision and eye care needs of the public. To achieve this goal, the MSO seeks to unite all Massachusetts optometrists in their effort to practice the highest standard of care through support of continuing education and research.

National Optometric Student Association

NOSA promotes the delivery of vision care to minority communities through consumer education, legislative advocacy and minority recruitment and retention activities. The association informs minority community members about vision protection, and works to raise legislators' awareness of minority consumers' visual needs.

Performance Vision Club

Objectives of PVC are to serve all patients in the community to improve their visual performance; to inform the public of preventative measures to ensure proper eye safety and to reduce the risk of eye injury; to promote professional standards of behavior and mutual respect among the student organization and the general public.

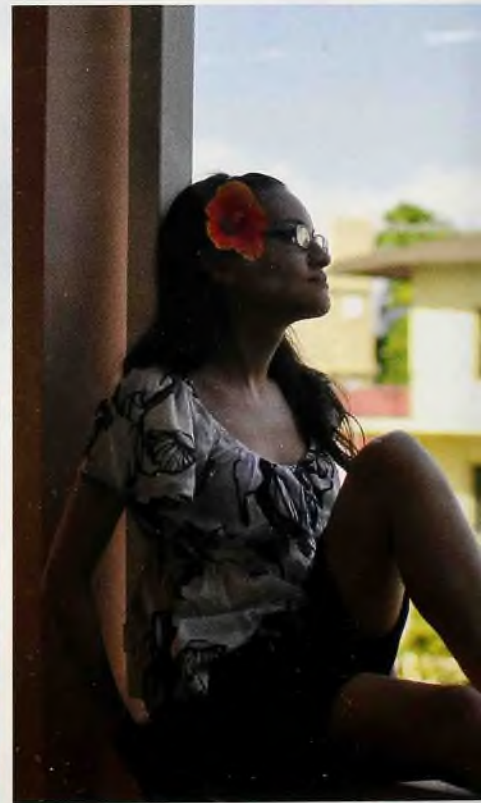

NECO Student Council

Student Council governs the internal affairs of the student body and works with school administrators to help set policy concerning student interests.

Dzovag Arakelian

Our baby from Kindergarten to
Doctor of Optometry.

Congratulations to Dr. Dzovag
Arakelian.

Love you,

Mom and Dad

Dear Brian and Eric:

You lived together,
studied hard, and
even cooked and
fought together, but
most importantly,
you have been there
for each other. No

matter where life's journey takes you, we hope you
always remain best of friends. Thanks for looking
out for each other. As you adventure into the next
chapter of your lives, we wish you the very best.

Love always,

Mom, Dad, and
Wags

Makenzie,

From your graduation
at Kingswood and
through the years, we
are always so proud of
you!

Congratulations!

Love,

Mom and Dad

Dear Patrick,

We gave much thought to what words of wisdom we could give you on such a proud day for all those who love you.

"The name Patrick is a Roman name meaning noble man. He is a perfectionist with strong beliefs and a great love of life, a conscientious individual."

You have lived up to your name with the greatest of dignity and strength and we love you more than words can ever convey.

Mom and Dad

Pat,

As long as you've been in school, you've had incredible determination and put your heart into everything that you've done. I know you well enough to be sure that you'll keep this work ethic with you moving forward, and that you'll be successful in anything you put your mind to. Just remember that no matter how independent you become, you'll always have people in your corner, including your baby brother. Keep making us proud.

Love, Chris

Patrick,

As I reflect on this wonderful day, all my memories play like a wonderful slideshow. From the first time I held your newborn hand when you were hours old, our road trips, "Goodnight Moon," to every momentous and proud occasion we have spent as a family. The stories we read together, the hours of play and the adventures we shared, ("the wetlands") and the laughs, and sometimes tears, are such a gift. Our pride in you is boundless. Our hopes and dreams for you are for happiness and joy and to march to your own drummer. We love you...*always*.

Aunt Anne, Uncle Stephen & Rory

"Go confidently in the direction of your dreams. Live the life you have imagined." -Henry David Thoreau

Pat,

In the short time that I have known you, I have been amazed by your unwavering optimism and genuine desire to have and support those around you. The fortitude, generosity, and academic passion that you possess will allow you to grow and prosper in all of your future endeavors. I am proud to be a part of your life and congratulate you on this exceptional achievement. With all the love and encouragement that I possess I can truly say that I cannot wait to see what the future holds.

Love, Ashley

Dear Tom,

Congratulations on a job well done. We are all very proud of you. Best wishes on your future endeavors. We know you will do great.

Love,

Mom, Dad, Isaiah, Mike, Taryn, D and your Liege Freya

Preeti Lalitha Mokka, 4th Grade, 1995

Dear Preeti,

Congratulations. The best of all things is to learn. Money can be stolen, strength may fail, but what you have learned is yours forever. Your dedication and determination helped you achieve your goal in becoming an eye care professional. We know you will shine like a star in all your future endeavors. We are proud to be the parents of an OPTOMETRIST.

Your loving family,

Hemanth, Bharathi and Lakshmi

Christie

Congratulations on this tremendous achievement!

It's been a pleasure and a privilege to witness the path on which your adventurous and spirited nature has taken you. You've accomplished so very much, and along the way you've always made the most of the journey. From the sunny Florida coast to the frozen Alaska tundra, you have unfailingly risen to every challenge and opportunity with resolve and grace.

Keep being true to yourself, and know that I am so proud that when you get the choice to sit it out or dance...

You've always danced.

I can hardly wait to see what you'll make of this next new beginning!

With so much love,

Mom

~ Michael ~

Yeah!!! Congratulations Honey!!!
We are so Proud and Love you
Forever!!!

Mom and Dad

Joseph Zhu

Congrats! We're so
proud of you!

Love:
Mom, Dad, and your
sis Bonnie

**Congratulations to our
daughter/sister**

Dr. Laura Di Meglio

**for your hard work and
determination in reaching
your dream of becoming an
Optometrist.**

We are so proud of you.

Love,

**Elaine, Salvatore and
Paul Di Meglio**

CONGRATULATIONS!!!!

Christina Marie Buonomo, OD

Doctor C,

It's been a long road and you probably
thought the day would never get here and it
finally has. You have worked very hard
and should be proud of all you have
accomplished. We are extremely proud of
you and all of your hard work. We are very
lucky to have you in our lives and love you
very much.

Love,

Mom, Dad, Kim, Alex, Auntie Debbie and
Uncle Bill

Roslyn Scalise

We are so proud of you and who you've become now. You're in a world without chains now, you let your heart lead your brain how you always wanted it to be.

Our dearest girl, you should be so proud of yourself for your dedication and persistence. Remember to set your sights on the stars and to reach for them always. Believe in yourself, because you are so unique with no limit to what you can do!

Baie geluk Caroline
 Jy het die persoonlikheid om 'n verskil te maak.
 Bly soos jy is, jy het gewys wat in jou steek.
 whoop, whoop, hiepiep HOERA !!

 Ek weet jy sal die vrugte pluk.
 Baie lief vir jou

Baie liefde
 Mamma, Pam, Kei,
 Leo, Leon, Jaco en Albert

Dear OD2014s,

Congratulations optometry graduates! After four long years of enlightening courses, growing friendships, and plenty of patient charts, we're finally at the finish line!

To commemorate your most memorable moments at NECO, we have worked tirelessly to create this graduation gift for you. We hope you enjoy this yearbook as much as we enjoyed making it!

Thank you to all of the classmates who helped to put this together. It could not have been done without your photo contributions. Thank you also to Deborah Picard for her continued guidance on this project.

Best wishes for the adventures ahead!
Sincerely,
The OD2014 Yearbook Committee,
Debi Sarma, Veera Patel, Tiffany Risner
